Seventh International Conference on FUN WITH ALGORITHMS

July 1–3, 2014, Lipari Island, Sicily, Italy

The Seventh International conference on Fun with Algorithms (FUN 2014)

is dedicated to the use, design, and analysis of algorithms and data structures, focusing on results that provide amusing, witty but nonetheless original and scientifically profound contributions to the

area. The previous FUNs were held in Elba Island, Italy; in Castiglioncello, Tuscany, Italy; in Ischia Island, Italy; and in San Servolo Island, Venice, Italy. Special issues of Theoretical Computer

Science, Discrete Applied Mathematics, and Theory of Computing Systems

were dedicated to them.

TOPICS OF INTEREST include (but are not limited to):

FUN with biological algorithms  
FUN with combinatorial algorithms  
FUN with cryptographic algorithms  
FUN with distributed algorithms  
FUN with game-theoretic algorithms  
FUN with geometrical algorithms  
FUN with graph algorithms  
FUN with internet algorithms  
FUN with mobile algorithms  
FUN with optimization algorithms  
FUN with parallel algorithms  
FUN with randomized algorithms  
FUN with robotics algorithms  
FUN with space-conscious algorithms  
FUN with string algorithms  
FUN with visualization of algorithms

\*\*\* KEYNOTE LECTURES BY

\*\*\* Paolo Boldi, University of Milano

\*\*\* Erik Demaine, MIT

PROGRAM COMMITTEE

J r mie Chalopin, LIF, CNRS & Aix Marseille Universit 

Pierluigi Crescenzi, University of Florence

Shantanu Das, Aix-Marseille Universit 

Josep Diaz, UPC Barcelona

Yann Disser, TU Berlin

Paolo Ferragina, University of Pisa

Fedor Fomin, University of Bergen

Pierre Fraigniaud, CNRS and University Paris Diderot

Leszek Gasieniec, University of Liverpool  
Fabrizio Grandoni, IDSIA, University of Lugano  
Evangelos Kranakis, Carleton University  
Danny Krizanc, Wesleyan University  
Flaminia Luccio, Ca' Foscari University of Venice  
Matus Mihalak, ETH Zurich  
Linda Pagli, University of Pisa  
David Peleg, The Weizmann Institute  
Paolo Penna, Autonomous Research, Ancona  
Giuseppe Persiano, University of Salerno  
Giuseppe Prencipe, University of Pisa  
Jose Rolim, University of Geneva  
Piotr Sankowski, University of Warsaw  
Ryuhei Uehara, Japan Advanced Institute of Science and Technology  
Jorge Urrutia, Universidad Nacional Autónoma de México  
Peter Widmayer (chair), ETH Zurich  
Christos Zaroliagis, CTI and University of Patras

#### IMPORTANT DATES

\*\*\* Paper Submission: previously January 15, 2014 --> moved to  
January  
22, 2014

\*\*\* Acceptance Notification: previously February 28, 2014 --> moved  
to  
March 7, 2014

Hotel reservation: March 31, 2014

Final version due: March 31, 2014

Conference: July 1-3, 2014

#### SUBMISSION DETAILS

A full paper should be submitted by January 22, 2014 following the  
submission link given at the FUN 2014 web site. Manuscripts should  
not  
exceed 12 pages. Authors of accepted papers are expected to present  
their work at the conference.

#### PUBLICATIONS

Conference proceedings will be published by Springer in the LNCS  
series.

A special issue of Theoretical Computer Science will be dedicated to  
a  
selected set of papers.

#### ADDITIONAL DETAILS

Additional details can be found in the conference web page:
